

## Letter of Guarantee from artist Giovanni Zelko

Thank you for purchasing an authentic signed and numbered photograph by Giovanni Zelko.

This letter guarantees that each photograph printed by Giovanni Zelko is of excellent quality using state of the art photo-printing techniques at Warner Brothers Photo Lab, (see attached letter of guarantee by W.B. Photo Lab Director Greg Dyro.) Furthermore, the artist guarantees that each numbered print for a particular image, in a particular size, in a particular style, is in fact that individual one of a kind number.

The artist also ensures that all prints are archival quality and will last for generations if properly framed by a professional using museum quality U.V. glass. In the event that a print should in some way be wrinkled, creased, blemished, or damaged in such a way as to imply the quality of the print is to blame, Giovanni Zelko will replace the print with a new one in exchange for the damaged one, free of charge.
